PROVIDING THE BEST INNOVATIVE SERVICES

Explore talents and services that makes any company become the leading trend in information technology and business agility.

Why Choose Us

Sittisn is a global consulting firm which brings innovation and managed services to your door steps driving new value in your organization.

We specialize in all of your business development and improvement needs. Leading with Innovation and Technology-Today, we see a lot of industries disrupted by advances in technology. We can get you there as we help businesses stay ahead in the digital economy by bringing the most skilled professionals to raise the bar to top notch.

OUR MISSION

To help businesses and professionals throughout the world to realize their full potential and become even more successful.

OUR SERVICES

We are fully passionate about helping you to achieve your Goals.

01 Agile Consultancy

We help organisations adopt the behaviors and mindset that leverage the power of agile tools and processes in order to get new products and services to market faster, and better.

We work at all levels of your organisation. We don't prescribe a one size fits all approach but instead focus on a coaching and facilitative approach to co-create new ways of working based on your context.

02 IT Consultancy

We work with organisations to help them solve IT problems. We give you peace of mind to run your business with the right technology services coupled with the right team.

We will review your business needs and current operations and then make recommendations and suggest new equipment and software. We also make it easy to upgrade your systems in the most effective ways possible.

03 Training and Certification

We provide high-quality, in-depth IT training that guides individuals to exceptionalism. Our training programs blend expert instruction with hands-on opportunities to create a complete educational experience.

Our approach is not teach yourself course where you watch recorded videos. We focus on practical learning and helping you obtain the necessary skills that the companies are looking for today.

04 Staffing and Recruiting

We find qualified candidates on behalf of a company or, in the case of representing workers seeking jobs, appropriate positions for the candidate.

We focus on sourcing best-in-class candidates with the proper verified credentials for rewarding positions, and we specialize in the world of temporary staffing and full-time career employment placement.

Our Expertise

We have extensive knowledge and experience of what is realistic and practical for the organisations we work with.

Our Approach

We keep our clients informed of progress and plans so they know when and how their requirements are being met.

Our Fees

Our fees are transparent and pre-agreed so our clients know the exact costs of a particular engagement

Our Team

Our team consists only of highly experienced consultants, who are recognized experts in their particular field.
